Version 2025

Designated building product: Class 1

Declaration

PDM Trading Ltd and SILK ROAD NZ RETAIL LTD has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name EGNS Kitchen and Tap Mixer

Identifier 82H48 82H07 81H10 81H37 82H37S2 82H1 40N

Description

EGNS KITCHEN/TAP mixer offers the perfect watering experience – bring control, safety and performance together in a simple and easy to use unit.

The mixer is intended for use in residential applications only, with equal low pressure or equal mains pressure water supply systems.

The mixer is available in chrome I finish.

The start & stop of the flow of the mixer is controlled by the control handle.

The mixed temperature is controlled by the shower control unit and is adjusted by the control handle.

Scope of use

The ENGS kitchen and tap mixer is intended for use with hot & cold water in residential applications only, with equal mains or equal low pressure water supply systems.

The mixer has GB 1/2" inlets & outlets compatible with G 1/2" metallic supply fittings.

Conditions of use

The ENGS kitchen and tap mixer must be installed & commissioned by a registered plumber in accordance with the supplied instructions & in compliance with the relevant requirements of AS/NZS 3500.

The water supply pipes must be flushed thoroughly to remove any debris. In-line water filters must be used.

Hot & cold inlet pressures must be nominally equal. Not suitable for unequal pressure installations.

This product is cleanable and impervious to moisture — cleaning shall be done in accordance with the supplied cleaning instructions.

Relevant building code clauses

B2 Durability — B2.3.1 (c)

F2 Hazardous building materials — F2.3.1

G1 Personal Hygiene — G1.3.2

G12 Water Supplies — G12.3.2, G12.3.5

Contributions to compliance

- B2.3.1(c):** Per B2/AS1, Durability Requirements of Nominated Building Elements for Plumbing Fixtures, Englefield Studio thermostatic shower/bath mixer has a durability of at least 15 years, when installed and maintained in accordance with our supplied instructions.
- F2.3.1:** No materials used in the construction of Englefield Studio thermostatic shower/bath mixer gives rise to harmful concentrations at the surface of the material where the material is exposed, or in the atmosphere of any space.
- G1.3.2:** ENGS kitchen and tap mixers features chrome finished surfaces for ease of cleaning.
- G12/AS1 2.1.2:** All installations should comply with local plumbing codes and relevant requirements of AS/NZS 3500.
